

Stoneferry Primary School

November Newsletter Week 1

Following a very busy week in school, the children have all settled back in really well to their learning and are working hard in their lessons. This term in school is an extremely busy one with many exciting opportunities, trips and experiences planned for the children. Our Jigsaw theme for this term is Celebrating Difference, which ties in very well with Anti-Bullying week which we will be holding next week. Promoting tolerance and British Values will be at the centre of work done in assemblies and classes. Anti-Bullying week will culminate in our Children in Need day which

Mr Raw, Head of School

Anti Bullying Week

Following on from my letter yesterday, next week is Anti-Bullying Week.

I have reminded the children in assembly about wearing an odd pair of socks on Monday and will be holding a special launch assembly linked to this theme on Monday.

I will use next week's newsletter to show you some of the activities the children have taken part in with hopefully a link to videos the children will have produced about the topic and about Stoneferry, which will then be added to the school website.

Freddie Fit Sessions

During the Summer term, the school had a taster day from Freddie Fit. Feedback from the children was that they really enjoyed these sessions and for that reason we have chosen to invite him back for the children again on Monday 19th and 21st November.

However, on this occasion we would also like to invite parents in to take part in the sessions with your children. Next week, I will be sending home a timetable of when each class will have their session, and on which days, with more details about the kind of activities that they will be happening.

I really hope to see as many parents as possible in school for what should be a very positive, enjoyable experience.

Pedalability

This week the children in F2 and Year 1 had their first session of Pedalability. This is a project the school has signed up for which will help the children with their co-ordination and control. Each child had their own balance bike and the activities were super at improving the children's skills. Feedback from the children and staff was really positive and hopefully by the end of the sessions the children will feel really confident in then

Stoneferry Standard

In school at the moment we are really promoting presentation and handwriting. This involves forming letters correctly and in the right position on lines so that the work the children produce is their very best. Any support with this during homework activities will be

November 12th - Year 1 and F2 Pedalability

November 16th - Children in Need Day

November 19th and 21st - Freddie Fit Days

November 22nd - Flu Vaccinations

PE Sessions

Up until Christmas, all PE sessions (excluding Pedalability) will be indoors. Please could all children have a plain red or white T-shirt and plain black or red shorts for these sessions.
