

Stoneferry Primary School

October Newsletter

Hull Fair has been and gone and the school year continues at a great pace. Over the next couple of weeks we will be hosting our first class assembly of the year for Year 5. We hope to see as many of the Year 5 parents for this and will be sending home details this week for you. Also I am sure the children are looking forward to the Halloween Disco. Tickets are now on sale and Mrs Morgan will be letting everyone know the arrangements very soon. We hope to see lots of children there and some fantastic costumes too.

Mr Raw, Head of School

Could you help?

Within school we are doing everything we can to promote a love of Reading amongst the children. Each child now has a Reading Buddy to listen to them read each week and there are opportunities to read at breaktimes too. If you are able to come into school to hear readers we would be most grateful as this gives us the chance to hear children more often. If this is something you would be interested in doing either let myself or Mrs Sykes know and we would be delighted to see you in school. Reading makes such a difference to the children.

Stoneferry Superstars

On Tuesday 9th October, the Year 6 Basketball team played in their first competition. This was the first opportunity the children have had to play against other teams and the children did the school proud. Overall they won 2 matches and lost one against a very strong team from Appleton, but there were some excellent signs and hopefully the side will now go from strength to strength. I would like to congratulate the children on their attitude, sportsmanship and enthusiasm. Also a special mention for the children who scored a basket including Brett in Year 6, who landed a huge shot to win the final match.

Science Club

This term, following a suggestion from one of the children a Science club has been taking place on a Thursday lunchtime. Facilitated by Mr Good, the Science subject leader, the children from a number of classes have been getting their hands dirty investigated and learning in full and exciting ways. This has included making bath bombs and designing their own experiments. Mr Good has more exciting plans too for the coming weeks.

Teddy Bears' Picnic

It was lovely to see so many parents in school for the F2 teddy bears' picnic last week. I hope that all the parents who attended enjoyed spending time learning with your child and taking part in the activities shared.

- October 17th - F2 Reading Meeting for parents
- October 23rd - Year 1/2 trip to Hornsea
- October 24th - Halloween Disco (Details to follow)
- October 26th - Half Term begins

Dinner Money

I would just like to say thank you for the prompt payments for lunches. This makes such a difference to the office and ensuring the right dinners are ordered. Thank you.
