

Stoneferry Primary School

April Newsletter—Week 1

Upcoming dates

23rd April

Back to school

Year 3 Pedestrian Skills

24th April

Year 5 Go Run

29th April

School Photographs

The Spring term has been a great one in school with the children making excellent progress with their work and demonstrating very good attitudes to learning. Over the Easter holidays, please can I remind you to read as much as possible with your child and also practice basic number work such as: times tables, number bonds and number facts. Doing so will help them all to hit the ground running when we return after the holiday. Following the break the children will be embarking on their new topics which you will have received a letter about and I hope that they enjoy these as much as the ones we have just completed. I have given some detail about the topics below. Perhaps the children may want to carry out some research of their own before they get back.

The Summer term promises to be packed full of exciting opportunities including afternoon Parent Pop ins to look at how our curriculum is developing and lots of other activities for you to be involved in. I wish you all a super Easter and remind you we return on Tuesday 23rd April.

Mr Raw, Head of School

Year 4 Swimming

A big well done to all of the Year 4 children who have now completed their swimming lessons. These have been taking place at Ennerdale and for some of the children have provided a wonderful opportunity to learn a new skill. I have been informed that the behaviour of the children has been exemplary and that each and every child has made fantastic progress. Well done Class 4 we are very proud of you.

F2 Get Creative

This week in F2 the children have been getting really creative making a number of different things. Yesterday, Libbie kindly made me a wonderful Easter card and it was great to see Jack and Sophie working hard to create their own dinosaurs out of playdough too. In addition, I am seeing some superb writing taking place in the class with children really starting to blossom as they come to the end of the term. Well done F2!

Congrats Class 2

Thank you Year 2 for your brilliant assembly. It was lovely to see parents in school to celebrate the children's learning too and it was great to see how much you knew and told us.

A Rockin good time

Amazing! What a performance from our Year 3 and 4 children on Wednesday. They wowed the parents and children with a superb display of acting and singing. A massive thank you to parents for practising lines with the children and also providing many of the wonderful costumes. Drama and performance is such a brilliant way to develop the children's confidence and to see so many of them singing their hearts out and enjoying themselves is exactly what school should be all about and creates children ready for any challenge.

New Term New Topics

Year 1 & 2 By the Seaside

The children will be learning all about our local seaside communities and looking at some of the important people linked to the sea. Look out for their exciting trip out too!

Year 3 & 4 Ruthless Romans

It will be blood, guts, technology and the Empire for the children of Year 3 and 4. A fantastic topic packed full of amazing learning about this fascinating period of history.

Year 5 & 6 Terrible Tudors

Queens, rich and poor and the church are some of the learning that the children will complete. Was Henry VIII really such an awful man, will be a big question the children will be discussing too.
