p.m. Summer Fair

Finally the weather appears to have changed for the better and summer might finally have arrived. Fingers crossed. In school this week there has been a real focus on sport and many of the children have taken part in extra sporting activities. I hope that they all enjoyed the experiences they have received and can now use what they have learnt to have an impact on their work in school too.

Next week is our Summer Fair and preparations are in full flow in school to make the day an enjoyable one for everyone. Thank you for your kind donations so far and for the packs of biscuits the children have brought into school today to allow them to wear non-uniform. All we need is for a sunny day and lots of people to come and share the fun. If you still have any further donations, please bring them to the school office. Many thanks.

Mr Raw, Head of School

Pelican Park tennis Sessions

This week all of our Key Stage 2 children have visited Pelican Park for an afternoon of tennis. The coaches provided a fun afternoon of tennis based activities to improve basic tennis skills and to raise tactical awareness amongst the children. Feedback of the afternoon from the children has been incredibly positive and the staff at Pelican Park were full of praise about the attitudes and behaviour of all of the children. I now hope that the children will use the new skills they have learnt back in their lessons at school.

In addition on a Tuesday night from 3-4, there is a Key Stage 2 tennis club available until the end of term. If any children would like to sign up for this following their visit if you could just let the office know, before Tuesday that would be great and they would be more than welcome.

Reading Rockets

This week again, Reading Rocket scores were impressive in most classes, with 4 of the classes reaching their targets. Please keep encouraging your child to read and to contribute to the class percentages. Thank you.

Year 3 Assembly

Thank you very much for all of the parents who came to support the children in their Year 3 assembly. This was a great opportunity for the children to learn to speak in front of an audience and to demonstrate their subject knowledge about their current topic—which was outstanding. The poem which the class recited was wonderful and the whole school thoroughly enjoyed being entertained by this. In addition the class's rendition of Katie Perry's Firework was well received. As the children continue to take part in performances like this, their confidence will grow and we hope you all will be able to make the next one in the next academic year.

Quadkids

On Tuesday 16 children from Years 3,4,5 and 6 attended Hull Costello stadium where they represented the school in a series of athletic events. These included, long distance running, sprinting, relay, throwing and jumping. The children were competing against a number of schools from Hull and they represented the school extremely well. There were a number of notable performances from all of the children and each one of them performed really well, however, I must mention Harris in Year 6, who beat off competition from 15 other children to win the 600m event. He led the race from the very beginning and even when others were tiring he continued to accelerate away down the home straight to win with ease.
