Model Text: Book Review

Title: The Hodgeheg

Author: Dick King-Smith

Who are the main characters?

This story is about a family of hedgehogs. The main character is Max who is a young male. He lives with his mum, dad and three sisters.

Where is the story set?

The story is set in a busy town. Max's family live in the garden of number 5A. Their home is on a row of houses across the road from a wonderful park. Each day, the hedgehogs visit different places such as the park, street and school.

What is the story about?

This story takes you on an amazing adventure. Max's family dream of reaching the park but no one has ever found a safe way of crossing the busy road. Young Max, who is brighter than the average hedgehog, is determined to solve the problem. Will he find a way to cross the road safely?

What was my favourite part?

My favourite part was when Max bumped his head. It was really funny because he started getting his words mixed up. That's how he ended up calling himself a Hodgeheg!

Would I recommend it to anyone?

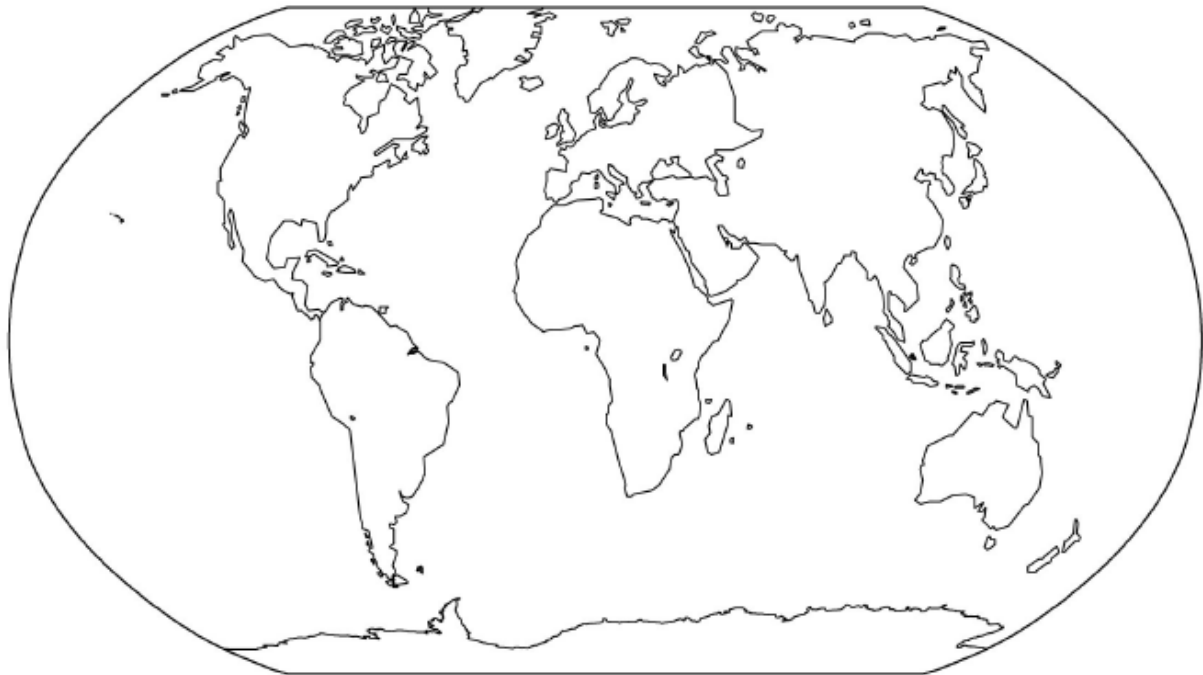

I would recommend this book to all ages because it's easy to read and very funny. Each chapter has some great illustrations too!

Reading Task

The Diary of a Killer Cat!

Read to an adult. Can you read most of the highlighted words?

Okay! Okay! So slap my teensy little furry paws. I messed up. Big time! And okay! Tug my tail! It all turned into a bit of a one-cat crime wave. So what are you going to do? Confiscate my food bowl and tell me I'm a very bad pussy?

But we cats aren't supposed to hang about like dogs, doing exactly as we're told, and staring devotedly into your eyes while we wonder if there is some slipper we can fetch you. We run our lives, we cats do. I like running mine. And if there's one thing I can't stand, it's wasting the days and nights when the family are on holiday.

'Oh, Tuffy!' fretted Ellie, giving me the Big Farewell Squeeze. (I gave her the cool blink that means: 'Careful, Ell! Stay on the right side of cuddle here, or you'll get the Big Scratch in return.') 'Oh, Tuffy! We'll be away for a whole week!'

A whole week? Magic Words! A whole week of sunning myself in the flower beds without Ellie's mother shrieking, 'Tuffy! Get out of there! You're flattening whole patches!'

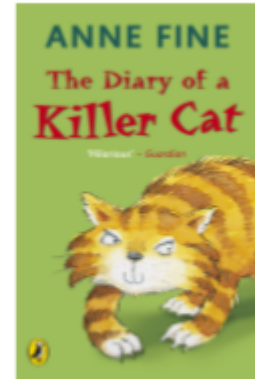

A whole week of lolling about on top of the telly without Ellie's father's endless nagging: 'Tuffy! Shift your tail! It's dangling over the goalmouth!'

And best of all, a whole week of not being scooped up and shoved in next-door's old straw baby basket and stroked and petted by Ellie and her sippy friend Melanie.
