2020

2020

I hope as lockdown restrictions continue to ease and life is beginning to return to normal that all of you are well and finding things a little easier. The events of the past few months have challenged everyone in so many ways and as this half term is approaching an end, our thoughts and time are now quickly moving towards the return of all children to school in September. Our aim for September is for a strengthening of the relationship between school and home and ensuring that we at school, provide support for our community in which ever way we can. One of our initial tasks will be to form a PTA (Parent Teacher Association) to draw upon the ideas and expertise amongst our parents. If this is something you would be interested in taking part in please contact the school and let us know.

September Opening

Yesterday the government released a document containing guidance on how the children will return in September. This is an extremely detailed document and one which I am currently unpicking. Once I have done so I will be communicating with you to let you know of how school will return, for all pupils, in September. We are very excited to have all of the children back and to restore as much normality as possible for them. There will be some key differences, however, I will provide you with all of the details via the school website once everything has been planned and agreed. I will also text you all to let you know that I have added this.

Reports

School reports have now been written and will be posted on the 7th July. Unlike previous years we are not able to invite you into school at present to discuss these, however, if you have any questions please call the school and your child's teacher will call you back. Thank you.

Class Teachers

I will be adding details of which class will be taught by which teacher next week to the school website. Once I have done so I will forward everyone a text too so you know this has been done.

Family Challenge

Thank you to everyone who took part in our family challenge this week. We hope you had a fun time. Please look out for next week's challenge and remember to enter your work on Twitter using #SPSfamilies. Thank you.
