

Review and tailor the contents of this generic risk assessment to meet your school's individual circumstance. Actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the 'What further action is necessary?' column. You may also want to add specific actions relating to your school in this column. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.

RISK ASSESSMENT FOR: Re-opening schools to all pupils from September 2020

Pupils organised into class bubbles of no more than 30 pupils. Once groups are defined, pupils must should remain in these groups to minimise contact and mixing Each group is taught in the same room with the same adult where possible. No sets / phonics groups etc... Groups attend part time on different days where staffing / physical space prevents a whole year group attending together. This is particularly relevant for EYFS where social distancing is harder to enforce. Desks positioned 2m apart with specified, labelled seats for each pupil so that pupils are all facing forwards where possible. Staggered start and end times for the day for each bubble. Review and tailor the contents of this generic risk assessment to meet your school's individual circumstance. Actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the 'What further action is necessary?' column. You may also want to add specific actions relating to your school in this column. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.

Minimise contact between staff and maintain social distancing wherever possible.	<p>Staff, pupils</p> <p>Exposure to virus through coughing, sneezing, physical contact</p> <p>Risk of a high proportion of key staff being absent from school at the same time</p> <p>The risk of spreading the virus more widely if larger groups of pupils come into contact with each other.</p>	<ul style="list-style-type: none"> All adults wear masks in shared areas. Staff to maintain social distance in all shared areas and rooms. All meetings held via TEAMS wherever possible, including staff meetings, SLT meetings, phase meetings etc... to minimise adult to adult contact. Offices locked down as far as possible to minimise face to face contact. Signage on doors to prevent visitors – use of email rather than face to face as much as possible. All offices and shared areas have maximum capacity signs displayed on doors – to be strictly enforced. Monitoring protocol in place for lesson visits by SLT (face masks worn by observers, maintain social distance from staff/pupils, visits limited to 15 minutes). School buildings closed early where possible. 	<ul style="list-style-type: none">
