

WALT: Investigate

I can make scientific observations.

I can use scientific vocabulary.

I can compare observations

What are you trying to find out?

---

---

---

Key Words

Pollination fertilisation germination seed dispersal reproduce

Prediction: What do you predict will happen? Why?

---

---

---

---

---

---

---

Method: How will we make it a fair test?

---

---

---

---

---

---

---

---

---

What equipment will we need?

---

---

---

---

---

---

---

Diagram: What will our experiment look like?
