

## Support Videos for Maths

The following is a link to a site where instructional videos can be found to support the children's learning in Maths, with an explanation on how to navigate the site.

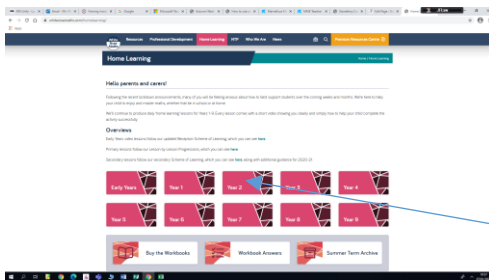

1. Log onto the White Rose Maths Website at

[www.whiterosemaths.com](http://www.whiterosemaths.com)

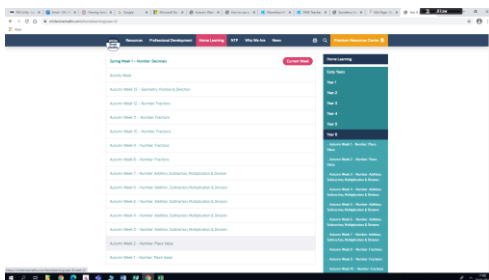

2. Click on the Home Learning tab at the top of the page

3. Select your child's Year group on the next page

4. Then scroll down to find videos linked to the area of learning and click on that link

5. On the next screen you will find videos linked to the unit of work the children are covering.
