

# Stoneferry Primary School

## March Newsletter—Week 3

This week has been another very positive one for everyone back in school. The children have now fully settled back into school and are happy to be back working and being amongst their friends. During this week we have been completing assessments in school so that we can then tailor our teaching to the needs of the pupils following the Easter break.

Through Teams and Tapestry we have now launched our Easter Egg decoration competition. The theme is the Movies and Cartoons and we really look forward to seeing what the children come up with. Please upload your work onto the relevant learning platform and this will be judged next week. If you are having any difficulty with this then email to [admin@stoneferry.hull.sch.uk](mailto:admin@stoneferry.hull.sch.uk) if this makes it easier. It is such a shame that we won't be able to hold our Easter parade this year, but fingers crossed for the same time next year. On Monday our whole school assembly will be led by Reverend Griffiths, who will be discussing Easter and reminding children of the significance of this time of year.

I have been informed that the next phase of development of the carriageway outside the school will start on Monday. I have been assured that this will not have any impact on the school. We continue to communicate regularly with the company completing the work, who are working with us to reduce disruption as much as possible.

May I remind you that next Friday is a Staff training day, therefore our last day will be Thursday 25th March. We will return on April 12th.

*Mr Raw, Head of School*

### Science Projects

Over the last week Mr Good and I have been really pleased with all of the Science projects that have been brought into school. It is clear that the children have put a lot of hard work into this and they all deserve a lot of credit for what they have done. Science is such a great subject for the children to study and hopefully the work they have completed might inspire them to one day work in an area of Science as a living. Mr Good has organised prizes for each class and winners will be announced next week.

### Afterschool Care

Next week I will be sending home a letter finalising our arrangements for our Afterschool Care club. Thank you for the interest which has been shown so far. If you think that this would be of use to you, please contact the school office and we will add you to our list.

### Comic Relief

Today has been a fantastic, fun day in school and a welcome relief from our recent troubles. It was awesome to see so many children dressed up in funny outfits or as their favourite superheroes! There were also some particularly special outfits from the staff. Gladly, on Monday, everyone will have returned to their normal day jobs! Today we have all danced ourselves daft, with some particularly special moves in Year 6, enjoyed a special Superhero quiz, with a twist and shared our favourite jokes with one another. In Monday's assembly we discussed the great work Comic Relief does in our country and abroad and we thank you for your £1 donations and will send these off to show our support. Well done everyone!

### Stoneferry PTA - Can you Help?

After the Easter Holiday Mrs Stephenson will be starting a PTA. We have already had some interest in this which is great, but if you would also like to get involved please contact the school office. Thank you.
