

## Has Summer Finally Arrived?

This week we have enjoyed some fantastic weather which has allowed much more learning to move outside. On Wednesday watching the children continue to develop their tennis skills was great and the weather made this even more fun. With the improved weather, children are fine to come to school in a hat and to apply suncream before school. If this needs to be reapplied please send it with your child and they will be given the chance to do this.

It has been great to finally be able to get some work done on the school grounds this week, which has been difficult to arrange. Things are looking much smarter now which is pleasing.

Next week Mrs Stephenson will be holding an SRE information meeting to inform parents about the current Jigsaw units that are being studied across the school. Mrs Stephenson has already sent home information in paper format but will be able to explain in more detail via Teams. If you log onto Teams through your child's account the meeting has been scheduled for 5pm on Thursday.

## Transition Details

On Monday we will be sending home a letter with each pupil which explains our arrangements for Transition this year as well as letting the children know who their class teachers will be for next year. Unlike previous years our transition this year will be held just on one day, but will give the children a chance to meet and get to know their new teachers and ask any questions regarding next year too.

## Stand out moments

There are so many children doing so many great things in school. Here are some more children who have caught my eye this week: In F1 Amelia's calm manner and concentration is great, in F2 Leona's impeccable manners and lovely smile are a great way to start my day, in Y1 Oliver L's improved attendance is pleasing, in Y2 Rosie's determination is wonderful, in Y3 Jessie's Topic work has really caught my eye, in Y4 Thomas' ability to tell the time was fab, in Y5 Mitchell's little chats are always welcomed, and in Y6 Lucas' chess skills have been very impressive! Well done everyone!

## Scarecrow Festival 26th and 27th June

With just one week to go until our first PTA event—The Stoneferry Scarecrow Festival, we hope that as many families as possible will join us for the event on one of the days and also take part by making their own scarecrow at home for people to come and see. In school this week classes have been busy creating their masterpieces and we think that this should be a great occasion and a chance to do something together as a community at this difficult time. If you need any support or want to know more please contact the school office. Thank you.

*Mr Raw, Head of School*

## Virtual Year 6 Transition

Unfortunately, following the government's latest announcements, it has been decided by the LA that Year 6 transition will now take place virtually. Secondary schools will be writing to families this week, with the children now expected to attend Stoneferry during this week.

## Stoneferry Superstars

This week's superstars are Lynden (Year 4), Elsie (Year 1) and Lincoln (Year 3). Please see the next side of the newsletter to find out what they have been doing to improve their fitness and health.

## Geography Competition

Following on from the success of our latest whole school competitions, our final competition of the term will be one based on Geography. Details of this and what I would like the children to do will be sent home early next week with a closing date of Friday 16th July. This will give me the chance to judge the entries and provide prizes for the winning entries. Everyone who takes part will also receive a small prize. It has been excellent to see the number of people taking part in our competitions and hope it provides families with the opportunity to work together.

### Lincoln ( Year 3)

Our first superstar this week is Lincoln in Year 3. In an effort to avoid the morning rush hour traffic and to get fitter, Lincoln and his dad are cycling to school on a Monday to Thursday each week. This is a 4 mile round trip and the perfect way to start and end the school day. Well done Lincoln and keep up the excellent work!

### Lynden (Year 4) and Elsie (Year 1)

Following the last couple of newsletters about children's extra curricular activities, Lynden and Elsie got in touch to let me know about the range of activities they are involved in outside of school. Both children take part in MMA (mixed martial arts) twice a week, which keeps them very active. Also, they've both started enjoying playing golf with their Dad now the weather is warmer. Hopefully soon they might be able to come for a game with myself! I am sure they could teach me plenty! Finally, Elsie attends gymnastics at Aspire and loves to practice at home too. Well done to both of them and keep up the good work!

**If you would like a mention on the newsletter, please send a picture and some information to [admin@stoneferry.hull.sch.uk](mailto:admin@stoneferry.hull.sch.uk) and I will add you to the next newsletter!**
