

Have a Fantastic Summer

Firstly, I would like to thank everyone for the great support you have given the school throughout the year. I would like to thank you all personally for abiding by the Covid restrictions we have had in place and for being patient and understanding during the tricky moments. So much of this year has been really difficult. I have faced situations which I never thought I would have to and have tried always to make the right decisions for the best interests of the children. Your understanding at difficult times has helped me immensely and kind words exchanged on the gate on an evening have really kept my spirits up so thank you.

Unfortunately, with such a short time to go in the term, we have faced 3 bubble closures. I feel so sorry for everyone who now needs to isolate. I plan to finish my book and decorate as a way of filling the time. It certainly wasn't the start to the holiday any of us wanted after such a long and hard year.

We hope that things are going to improve over the summer and we will be welcoming the children back on Wednesday 8th September. Guidelines for self isolation and bubbles change officially on August 16th and I will be adding additional information to the website after this point, so please ensure you have read this. A fresh risk management document will also be available for you to read.

Finally, I would like to wish everyone associated with Stoneferry a restful break. Have fun with your families and I will see you all in the new term.

Mr Raw, Head of School

Year 6 Prom

On Thursday evening, we held the school's first Year 6 Leavers' Prom. It was a lovely way to end the year and hopefully will have provided a lasting memory for the children as they move onto secondary school. Over the last couple of weeks we have tried to provide some great occasions for the children including: an outdoor adventurous day at Nut Wood where the children, hiked, did yoga and made dens, Footgolf, Bowling and lunch and finally the prom last night.

Last night's event was great fun. The children looked fantastic in their outfits and they all enjoyed the dancing, photos and wonderful transformation in the hall to try and make the evening even more special. The chocolate fondue was particularly well received with some children showing how delicious a chocolate Wotsit really can be!

Sporting Superstars

This week's sporting superstars are Amelia (Y4), Ainsley (Y3) and Lennox (Y4). Every week these children are involved in a range of activities outside of school and have such enthusiasm for sport. Here they are holding medals awarded for their fantastic efforts at their golf lessons. Being a keen golfer myself I know just how hard they

are practising to learn what is a more infuriating sport. I hear though that they are making incredible progress and will hopefully soon be ready to start playing rounds! Well done guys, keep up the great work and keep that swing slow and smooth!

Stand out moments

I think for this week's stand out moments it is only fair to compliment the whole school for their efforts and attitudes this year. Despite everything that has happened and continues to happen, the children have been amazing throughout. Learning has been great and the children have all made super strides forward in the most difficult of times. I couldn't be prouder of the children or staff for everything they have done and wish everyone a great summer. If I had a sticker for everyone, I would have given you all one today.

Come Dine With Me

On Tuesday Year 5 completed the final stage of their Come Dine With Me Design and Technology project. In class they had been learning all about balanced diets, and using what they had learnt, in groups they planned a series of meals for the children in Year 3. Following this they carried out a survey and collected data to determine which of these meals were the most popular. On Tuesday in teams, the children then prepared and served the most popular dishes for Year 3. These were tasted, scored and winners announced. Pictures of the winning teams can be found on our Facebook Page.
