

Away We Go

The school term is well underway now and the quality of work in children's books is continuing to improve. This week we had an important visit from the Constellation Trust, who were very pleased to see the way the children were working and the calm and productive atmosphere within school. With one thing and another happening throughout the week, great credit must also go to the staff this week as so many people have had to help out in so many ways as we continue to face the challenges of the post Covid era in schools. I would like to thank all my staff for standing in where they have and hope that next week is a much simpler one.

Over the weekend we have paid a company to deliver flyers in the local area advertising capacity within our EYFS and also the whole school. On Wednesday 29th September, we will be holding an open day for prospective parents who may be considering sending their child to the school. I would be most grateful if you could spread the word as far and wide as possible to any friends who may have young children looking for a nursery placement or a placement in F2 for September 2022. We will be adding this to Facebook and Twitter and hope to see lots of new faces. Additionally, we have spaces within our other classes and believe we provide an excellent education for all the children who attend the school so if you know of anyone considering moving their child's school please recommend us to them.

Mr Raw, Head of School

Bike to School Week

Just a quick reminder that next week is Bike To School Week. Please can children push their bikes around the school to the main playground where there will be designated areas to leave them. We hope as many children take this opportunity as possible.

A Great Start to Clubs

This week our afterschool clubs have begun again. I personally loved my basketball club on Wednesday and was so pleased by the number of children who were present. Such clubs are so important to the children's development and are a fantastic way for the staff to get to know the children better. There are still some spaces available, especially for KS2 Art Club so please contact the office if your child is interested in joining and learning a new skill.

Thank yous and Stand out moments

This week I have seen a number of stand out moments which I would like to share with you.

Thank you to Gaby in Year 6 for her sensible approach in basketball club, well done to Riley in Year 5 for his improved work, well done to Brodie in Year 4 for his improved presentation, Jaycob in Year 3 completed some excellent reading work, Nella's work in Reading was great and Oz's attitude in class has been fantastic. I can't wait to see who catches my eye next week.

Year 5 go Outdoors

On Wednesday it was great to see Year 5 taking their learning into the local community. The children with Miss Northen visited the green areas around Rockford Fields as they examined the different types of plant life that exist at this time of year. They will return throughout the year to see how this changes and they will be able to discuss and compare this as a result. Making their learning so meaningful in this way will definitely help them to embed their knowledge and remember more. Great work Year 5.

Move to Email Communication

From October 4th, the school will be moving away from paper letters as much as possible. We have asked all parents to provide us with an email address and will use this to send correspondence. This system will allow you to sign letters digitally and should reduce a great deal of paper being used. All letters will also be placed on the website. If you do not have access to email we will also be able to provide paper copies if requested.

Marvellous ME Reading Records

Mrs Sykes will be sending home a letter regarding using Marvellous Me for reading records from now on. This requires the use of the MarvellousME app, but once downloaded is a simple, quick and easy way to record pupils reading. We will continue to track reading across the school and expect all children to read at least 3 times a week.

Star Performers

Libbie (Year 3)

Libbie has been training to be a footballer at Pelican Park for some time now. She is a fantastic player and loves the sport. Our friends at Pelican provide training for Libbie every Tuesday night and she loves going there after school and keeping fit and active.

At the moment, Libbie and her friends are learning skills and the rules of the game but hope that very soon they will begin playing matches. Libbie is certain to make a great player and with her organisational skills I could see her becoming a fantastic captain one day.

In this photograph she is proudly holding a trophy for Trainer of the Week.

Well done Libbie!

Lily (Year 3)

Lily has been a member of a girls football team now for a while. She absolutely loves football and tells me that one day she would love to play professionally. Around her neck are a number of medals she has been given for her amazing attitude and skills at training and in matches she has played.

Lily trains every week on a Thursday and plays matches on a weekend. She has been player of the match before and is a super player.

Well done Lily. It is fantastic how active you are and I am sure that one day your dream will come true if you keep trying so hard!

If you would like a mention on the newsletter, please send a picture and some information to admin@stoneferry.hull.sch.uk and I will add you to the next
